

## Notice of Availability

The U.S. Army Corps of Engineers, Albuquerque District, has completed the **Draft Environmental Assessment (DEA) for the Bosque Wildfire Project, Bernalillo and Sandoval Counties, New Mexico**. The proposed action is to selectively thin vegetation from areas with high fuel loads and/or non-native plant species populations; remove jetty jacks where possible; remove debris piles; improve emergency access in the form of drain crossings, levee road improvement, and construction of turn-arounds; and revegetate burned and thinned areas in the Albuquerque Reach of the bosque, the Corrales Bosque Preserve, and locations on Sandia and Isleta Pueblos.

The DEA and Draft Finding of No Significant Impact (FONSI) are electronically available for viewing and copying at the Albuquerque District website (under "FONSI/Environmental Assessments") at:

<http://www.spa.usace.army.mil>

or a hard copy will be sent upon written request to the following address:

*U.S. Army Corps of Engineers  
Albuquerque District  
Environmental Resources Section  
Attn: CESP-PM-LE (Ms. Ondrea Hummel)  
Albuquerque, New Mexico 87109-3435*
