

Hobbs, New Mexico

(Section 14)

The study area is located in the city of Hobbs. The watersheds included in the study area are located in east central Lea County, New Mexico, approximately 3.5 miles northwest of the Texas/New Mexico Border. The watershed is approximately 90 square miles and the entire city of Hobbs is in the 100-year floodplain.

The project will be funded under the Continuing Authorities Program, a Construction General appropriation.
