ADDITIONAL INFORMATION SUPPORTING NJD (e.g., paragraph 1 – site conditions; paragraphs 2-3 – rationale used to determine NJD, including information reviewed to assess potential navigation or interstate commerce connections; and paragraph 4 – site information on waters of the U.S. occurring onsite): The project site is located in a wet meadow area in the northern part of Taos, New Mexico.

The site contains some wetlands. However, the property is located about 1/3 mile south of the nearest jurisdictional water (Rio Pueblo de Taos) and is separated from this river by non-hydric soils.
