

NOTICE OF PUBLIC INFORMATION MEETINGS
For development of a draft Environmental Impact Statement (EIS) for
Upper Rio Grande Basin Water Operations

Meetings will be held to describe draft alternatives and to get feedback from the public before the alternatives are finalized. The public meetings will begin with a presentation that describes the current operations, which is the draft “No Action Alternative”. The draft alternatives are being developed in an iterative process, which is why input from the public is so important. The public will be provided an opportunity to comment on the draft alternatives identified, using an informal open house. All meetings will begin at 7:00 p.m. and end at 8:30 p.m.
