

Comments from URGWOPS Public Scoping Meeting; El Paso, Texas; Airport Hilton Hotel; September 27, 2000

Following is a summary of the questions, comments, and issues raised during the discussion that followed the formal presentation on the purpose and objectives of the Upper Rio Grande Basin Water Operations Review and Environmental Impact Statement (EIS) at the scoping meeting in El Paso, Texas. They are presented in the order they were discussed.

?/**Comment.** Will the alternatives selected be plugged into URGWOM?

?/**Comment.** How will the area below Elephant Butte benefit from this Review because water operations only address facilities above Elephant Butte.

?/**Comment.** Will water quality be included in URGWOM?

?/**Comment.** What is system efficiency?

?/**Comment.** What is included in “regulatory compliance”?
