

US Army Corps of Engineers (USACE), Albuquerque District
Fiscal Year (FY) 2026-2031 Procurement Forecast

Project Title and Description	If Follow-On Action, provide current contract number	Anticipated Dollar Value	Contract Period of Performance	NAICS	PSC	Anticipated Set-Aside Decision	Contract Vehicle (Task/Delivery Orders)	Anticipated Solicitation Date	Anticipated Award Date
MILITARY CONSTRUCTION									
Space Rapid Capabilities Office (SPRCO), Kirtland AFB, NM Design-Bid-Build (DBB) requirement to construct a new facility to house a secure office necessary for the operation of military, civilian, and contractor personnel, to include parking and infrastructure (heating and cooling, power, water sanitation, communications). Facility requires Sensitive Compartmentalized Information Facility and Special Access Program Facility accreditation, with necessary physical and electronic security measures and compartmented workspaces for 10-15 compartmentalized teams. Building to feature a 240 seat SCIF auditorium. Building will have reinforced foundations, floors, 2-story steel structure, reinforced stucco-finished concrete block walls, and steel roof structure.	N/A	\$25M - \$100M	TBD	236220	Y1AZ	Unrestricted	N/A	FY27 Q3	FY28 Q1
Child Development Center (CDC), Kirtland AFB, NM DBB requirement to construct a large CDC to relocate the current CDC in the Maxwell Housing Area, including associated site work, utilities, pavements, and communications, reinforced concrete foundation, structural steel frame, split-face concrete masonry unit veneer, a standing seam metal roof, and demolition of Building 1914.	N/A	\$25M - \$100M	TBD	236220	Y1AZ	Unrestricted	N/A	TBD	TBD
High Power Electromagnetic Lab, Kirtland AFB, NM DBB requirement to consolidate and house a modern, flexible laboratory space for development of advanced High Power Electromagnetic (HPEM) system research.	N/A	\$25M - \$100M	TBD	236220	Y1AZ	Unrestricted	N/A	FY28 Q1	FY29
58th SOW/PJ/CRO Pipeline Dorm, Kirtland AFB, NM DBB requirement to construct a 162 room steel-frame structure with reinforced concrete foundation and floors, reinforced, insulated split-faced block walls and insulated standing seam metal roof. Includes site preparation, seismic provisions, hydraulic passenger-freight elevator, day room with kitchen, laundry room, storage and supporting spaces, parking, landscaping, heating/cooling, plumbing, electrical and fire protection systems, communications and all utilities.	N/A	\$25M - \$100M	TBD	236220	Y1AZ	Unrestricted	N/A	FY27 Q3	FY28 Q2
PJ/CRO Urban Training Complex, Kirtland AFB, NM DBB requirement to construct a PJ/CRO (Pararescue and Combat Rescue Officer) urban training complex at a semi-remote location. UTC will consist of 10 building shells to simulate residential structures, offices, retail, municipal and chapel, including simulated battle damage, security wall around parts of the complex, paved and unpaved roads, roadway fixtures and subterranean systems. Site improvements include landing areas for helicopters and CV-22 aircraft, basic electrical and lighting systems, water storage tank and septic system. A separate mission control area will have 5 buildings.	N/A	\$25M - \$100M	TBD	236220	Y1AZ	Unrestricted, Best Value Trade Off	N/A	FY29 Q3	FY30 Q2

US Army Corps of Engineers (USACE), Albuquerque District
Fiscal Year (FY) 2026-2031 Procurement Forecast

Project Title and Description	If Follow-On Action, provide current contract number	Anticipated Dollar Value	Contract Period of Performance	NAICS	PSC	Anticipated Set-Aside Decision	Contract Vehicle (Task/Delivery Orders)	Anticipated Solicitation Date	Anticipated Award Date
Red Horse Squadron Compound, Kirtland AFB, NM Construct a RHS facility and storage facility to accommodate the base RED HORSE Squadron. Facilities will be designed as permanent construction in accordance with the DoD Unified Facilities Criteria (UFC) 1-200-01, General Building Requirements and UFC 1-200-02, High Performance and Sustainable Building Requirements.	N/A	\$25M - \$100M	TBD	236220	Y1AZ	TBD	N/A	TBD	TBD
Joint Navigation Warfare Center HQ, Kirtland AFB, NM DBB requirement to construct new facility to house a secure office necessary for the operation of 243 military, civilian, and contractor personnel, to include parking and infrastructure (heating/cooling, power water, sanitation, communications). Facility requires Sensitive Compartmentalized Information Facility and Special Access Program accreditation, with necessary physical and electronic security measures. Building will have reinforced foundations, floors, 2-story steel structure, reinforced stucco-finished concrete block walls, and steel roof structure with insulated standing seam metal roofing to match appearance and character of existing area facilities.	N/A	\$25M - \$100M	TBD	236220	Y1AZ	Unrestricted	N/A	TBD	TBD
Upgrade Wyoming Gate for Antiterrorism Compliance, Kirtland AFB, NM DBB requirement to replace existing entrance gate with new gate facilities meeting all current antiterrorism standards including new entry with fully complying steel gates, roadway curved to provide traffic calming, channeling guardrails, denial/exit lane, final denial barriers, overwatch, new entry control building with canopy and restrooms equivalent demolition square footage to include current site structures (visitor building 21002 and entry control building 21005), will be demolished along with walls, fences, pavements, and other structures in the project area.	N/A	\$25M - \$100M	TBD	238990	Y1PZ	TBD	N/A	FY28	FY29
AC130J Explosive Operations Facility, Kirtland AFB, NM DBB requirement to construct a Total building envelope of approximately 5953 SF; bay space 4121 SF and office/Mechanical/Personnel Space 1832 SF based on Exhibit from Whiteman AFB, Missouri Project. To accommodate drive thru bays a special turning radius required and pavement is required 50 feet on each side of the bays and wrapped around the facility. A standby generator is required for Alt Control Room which will need to follow the same guidance as the Control section in the admin facility.	N/A	\$25M - \$100M	TBD	236220	Y1AZ	TBD	N/A	FY28 Q2	FY29 Q2
Consolidated RHS/LRS Warehouse, Kirtland AFB, NM DBB requirement to construct a warehouse and administrative facility to accommodate the base logistics readiness squadron and Red Horse Squadron. Facilities will be designed as permanent construction in accordance with the DoD Unified Facilities Criteria (UFC) 1-200-01, General Building Requirements and UFC 1-200-02, High Performance and Sustainable Building Requirements.	N/A	\$25M - \$100M	TBD	236220	Z1AZ	TBD	N/A	FY27 Q4	FY28 Q3

US Army Corps of Engineers (USACE), Albuquerque District
Fiscal Year (FY) 2026-2031 Procurement Forecast

Project Title and Description	If Follow-On Action, provide current contract number	Anticipated Dollar Value	Contract Period of Performance	NAICS	PSC	Anticipated Set-Aside Decision	Contract Vehicle (Task/Delivery Orders)	Anticipated Solicitation Date	Anticipated Award Date
ADAL System Digital Engineering Lab, Kirtland AFB, NM DBB requirement to construct a new system and digital engineering lab, spacecraft cleanroom, and assembly integration and test lab, including a two-story steel frame structure with reinforced concrete pier, beam foundation and floors; stucco-finished reinforced CMU walls, facility infrastructure, secure spaces, and low slope membrane roof.	N/A	\$25M - \$100M	TBD	236220	Y1AZ	Unrestricted	N/A	TBD	TBD
Guided Missile Building, White Sands Missile Range, NM DBB requirement to construct a 4-bay Missile Assembly Building (MAB) that supports the ability to handle HD Class 1.1 explosives with the purpose to assemble and disassemble missiles.	N/A	\$25M - \$100M	TBD	236220	Y1AZ	Unrestricted, Best Value Trade Off	N/A	TBD	TBD
J-DETC Directed Energy Central, White Sands Missile Range, NM DBB requirement to provide a combined (14,100 SF full-service Laboratory Enclosure and 15,990 SF Operations and Administration) facility on the High Energy Laser Systems Test Facility (HELSTF) campus, including full utilities, a Direct Energy Weapon (DEW) maintenance area, measurement instrumentation, optical alignment bays, and mounting fixtures. Requirement will also include office space to support test and evaluation briefings, planning and operations, direct energy operator and maintainer training, and support facilities such as a clean room.	N/A	\$25M - \$100M	TBD	236220	Y1AZ	TBD	N/A	TBD	TBD
Indoor Target Flip Facility, Holloman AFB, NM DBB requirement to construct a new 42,603 SF (3,958 SM) special purpose high-bay facility, including a target flip area, administration/support area, equipment storage, building support space access pavements, grading and drainage improvements, and supporting utility infrastructure required to accommodate the planned facility.	N/A	\$25M - \$100M	TBD	236220	Y1EZ	Unrestricted	N/A	FY29 Q1	FY29 Q3

US Army Corps of Engineers (USACE), Albuquerque District
Fiscal Year (FY) 2026-2031 Procurement Forecast

Project Title and Description	If Follow-On Action, provide current contract number	Anticipated Dollar Value	Contract Period of Performance	NAICS	PSC	Anticipated Set-Aside Decision	Contract Vehicle (Task/Delivery Orders)	Anticipated Solicitation Date	Anticipated Award Date
<p>High Speed Test Track, Holloman AFB, NM DBB requirement to repair portions of the existing 15,536 LM rail system track at the Holloman High Speed Test Track (HHSTT), intended to have an anticipated life span of at least 10 years beyond completion of the repairs. The repair consists of girder repair and replacing several track connection tie-down points totaling 3,963 LM over the span of the track system capacity. Project will upgrade embedded utilities required to support various aspects of the HHSTT mission. These embedded utilities consist of full modernization and replacement of the electrical distribution system and water mains, storage and distribution systems utilized by the test track to support test monitoring and measurements. The water supply infrastructure also includes repairing and upgrading the current rain field water supply to support the use of the simulated rain fields. The track will be constructed with detailed communication capabilities to include new fiber and copper infrastructure on each side of the track and parallel to the STAPP East and West access roads. Includes replacement and repair of existing pavements with replacement and widening of the Stapp East and West access roads and repair of the existing Camera Pad Road on the east side of the test track.</p>	N/A	\$200M-\$300M	TBD	237990	Y1PZ	Unrestricted	N/A	FY27 Q4	FY28 Q1
<p>FTU Airfield Requirements, Holloman, AFB, NM DBB requirement for extensions to Taxiway J and Taxiway L. Extend Taxiway J eastward approx. 5300 LF to intersect with Taxiway B and westward running parallel with Runway 07/25 approx. 7100 LF to intersect and cross Taxiway L extending to Taxiway R. Extend Taxiway L northwest approx. 1600 LF to intersect with Runway 04/22. Construction will consist of airfield rated concrete to include asphalt shoulders and all required lighting, signage and striping and all necessary supporting work for a complete and usable facility. Create a safety buffer along the westward Taxiway J extension by realigning Kelly Road comprising approx. 13000 SM of paved road construction. Demolish Buildings 809, 904, 909 and 918.</p>	N/A	\$25M - \$100M	TBD	237990	Y1PZ	Unrestricted	N/A	FY30	FY30
<p>192-Person Dormitory, Cannon AFB, NM Design-Build (DB) requirement to construct a 5.5K SM, three-story dormitory with 192 rooms to include private bathrooms and kitchenettes, reinforce concrete foundation, steel frame and reinforced concrete walls.</p>	N/A	\$25M - \$100M	TBD	236220	Y1FC	Unrestricted, 2-Phase Best Value	N/A	FY26 Q3	FY27 Q3
<p>Deployment Processing Center, Cannon AFB, NM DBB requirement to construct Deployment Processing Center and Mobility Aerial Delivery Facility. Construction of the Deployment Processing Center. The project includes all utilities, site improvements, pavements, detection/protection features, security enhancements, and other supporting work necessary to make a complete and usable facility.</p>	N/A	\$25M - \$100M	TBD	236220	Y1AZ	Unrestricted	N/A	FY26 Q2	FY27 Q1

US Army Corps of Engineers (USACE), Albuquerque District
Fiscal Year (FY) 2026-2031 Procurement Forecast

Project Title and Description	If Follow-On Action, provide current contract number	Anticipated Dollar Value	Contract Period of Performance	NAICS	PSC	Anticipated Set- Aside Decision	Contract Vehicle (Task/Delivery Orders)	Anticipated Solicitation Date	Anticipated Award Date
<p>Satellite Fire Station, Cannon AFB, NM DBB requirement to construct a 3 stall drive-thru satellite crash fire and rescue combination station on east side of Runway 22/04, along Taxiway D. The combination station will include the Fire & Communications Center (FACC), Emergency Communications Center (ECC) & the Base Defense Operations Center (BDOC). The Fire & Communications Center will include: a communications control room, public rest rooms, apparatus room, training room, physical fitness area, living quarters with private bedrooms and restrooms with showers, a station captain's bedroom and restroom with shower, recreation/dining room with vending, full kitchen with a serving line and kitchen storage, personal lockers, maintenance rest rooms/showers, laundry facilities.</p>	N/A	\$10M - \$25M	TBD	236220	Y1AZ	Unrestricted	N/A	FY27 Q4	FY28 Q4
INTERAGENCY & INTERNATIONAL SERVICES									
<p>FLETC Integrated Training Complex, Artesia, NM DBB to construct a two-story building, approximately 37,200 sq. ft. The first floor primary consisting of simulated processing centers (3 variants internally) each to include its own sally port. The upper floor primarily consists of staff office space and classrooms. Based on current Border Patrol Processing facilities and modeling / scaling to accommodate a controlled training environment, the lower floor is recommended to be from 10,000 – 13,000 square feet with the upper floor being of similar or equal size.</p>	N/A	\$25M - \$100M	TBD	236220	Y1AZ	TBD	N/A	FY26 Q3	FY26 Q4
FACILITIES SUSTAINMENT, RESTORATION, AND MODERNIZATION (FSRM)									
<p>CEREBRO, Kirtland AFB, NM DB requirement to repair antiquated area of Building 322, including light lab areas, lab support spaces, and updated restrooms to meet current ADA, AFI and building code requirements. Upgrade of existing electrical power supply to meet laboratory needs and the installation of a 10-ton overhead crane. See W912PP25R0004 in SAM.</p>	N/A	\$1M - \$5M	TBD	236220	Z1AZ	2-Phase, 8(a) Competitive Set- Aside	N/A	FY25 Q2	FY26 Q3

US Army Corps of Engineers (USACE), Albuquerque District

Project Title and Description	If Follow-On Action, provide current contract number	Anticipated Dollar Value	Contract Period of Performance	NAICS	PSC	Anticipated Set-Aside Decision	Contract Vehicle (Task/Delivery Orders)	Anticipated Solicitation Date	Anticipated Award Date
NMANG Building 1064 Red Horse Shops 210, Kirtland AFB, NM DBB requirement to repair/upgrade administration and shop area finishes through patching and painting surfaces, replacing ceiling tiles, replacing floor finishes, and altering selective areas to improve operations. Replace roofing system with 30 year PVC roof. Upgrade the HVAC system to meet the new functions. Upgrade interior and exterior electrical systems to current safety requirements, replace existing lighting with energy efficient lighting and controls. Repair/upgrade restrooms to include surfaces and fixtures with water efficient systems. Repair doors and door seals. Replace overhead doors with insulated sectional and roll up doors. Repair the fire suppression system. Full depth reconstruction of parking log and drive way. Reconstruct drainage drop inlets and water path ways to improve drainage. Remove irrigation and grass areas, install xeroscape to all areas.	N/A	\$5M - \$10M	TBD	236220	Y1JZ		N/A	FY26 Q4	FY27 Q1
Temporary Lodging Facility, Kirtland AFB, NM DBB requirement extending electrical services and base communication lines to the site. Work also involves rerouting the underground medium voltage electrical lines and underground communication lines within the confines of the site. This is a larger NAF project where housing units will be installed.	N/A	\$10M - \$25M	TBD	236220		TBD	N/A	FY26 Q3	FY26 Q4
Building 770 Upgrade Laser Labs - ULTRA, Kirtland AFB, NM DBB requirement to repair Bldg 770 to include electrical and HVAC upgrades, finish upgrades, interior reconfiguration and a unisex restroom.	N/A	\$5M - \$10M	TBD	236220	Z1AZ	TBD	N/A	FY28 Q2	FY28 Q4
ADAL AC-130J Flight Training, Kirtland AFB, NM DBB requirement to construct a 465 SM addition to the east side of Building 957, consisting of five classrooms to accommodate six students and one instructor. Provide three offices for program managers. Provide all required fire protection, utilities, and communications to include Wi-Fi, NIPR, and Learning Management Systems (LMS).	N/A	\$5M - \$10M	TBD	236220	Y1AZ	TBD	N/A	FY26 Q3	FY27 Q2
New Drinking Water Well, Kirtland AFB, NM DBB requirement to construct a new drinking well close to Well #3 in order to provide potable drinking water and create redundancy. Provide new well for water blending to stay below the regulation arsenic levels for potable water.	N/A	\$5M - \$10M	TBD	237110	Y1NE	TBD	N/A	FY27	FY28
Kinetics Autonomy and Robotics Lab (KARL), Kirtland AFB, NM DBB requirement to convert existing room into a space robotics testing environment to support in-orbit servicing, assembly, and manufacturing.	N/A	\$1M - \$5M	TBD	236220	Z1AZ	TBD	N/A	FY27 Q2	FY27 Q4

US Army Corps of Engineers (USACE), Albuquerque District

Project Title and Description	If Follow-On Action, provide current contract number	Anticipated Dollar Value	Contract Period of Performance	NAICS	PSC	Anticipated Set-Aside Decision	Contract Vehicle (Task/Delivery Orders)	Anticipated Solicitation Date	Anticipated Award Date
Facility for Explosives and Radiological Materials Imaging (FERMI), Kirtland AFB, NM DBB requirement for a facility capable of all relevant classifications/caveats for imaging assembled space systems and nuclear test bodies. Facility must be sited and constructed to support activities involving radioactive materials, High Explosive (HE) materials, accountable materials and components, and high energy Xray imaging. Spaces includes lab and lab support spaces.	N/A	\$5M - \$10M	TBD	236220	Y1AZ	TBD	N/A	FY27 Q1	FY27 Q4
Hayman Structure, Munitions Area, Kirtland AFB, NM DBB requirement to construct a Hayman earth covered munitions storage igloo in the munitions area to meet mission capability for the AC-130J Formal Training Unit (FTU) transfer.	N/A	\$1M - \$5M	TBD	236220	Y1AZ	TBD	N/A	FY27 Q4	FY28 Q2
ADAL Security Forces Facility, Cannon AFB, NM DBB requirement to construct a 10,000 SF addition to building 575 providing a complete and useable complex, providing an 8-cell confinement module, armory space with restroom and training area. Alterations will include converting current cells to usable office space and replacing the armory door with a class 5 vault door.	N/A	\$5M - \$10M	TBD	236220	Y1AZ	TBD	N/A	FY27 Q3	FY27 Q4
Fire Crash Rescue Station, Melrose Air Force Range, NM DBB requirement for a new fire station with an enclosed vehicle storage area) in the Northwest Development Area (NWDA) at MAFR. The facility will consist of a metal building, reinforced concrete foundation, floor slab to serve as an airfield fire & rescue station. Includes admin offices, training room, Self-Contained Breathing Apparatus (SCBA) storage, comm room, break room, kitchen, bunk rooms, mens & womens restrooms, showers, & 2 enclosed vehicle storage bays to fit 27 SOCES ARFF vehicles.	N/A	\$5M - \$10M	TBD	236220	Y1JZ	Total Small Business Set-Aside	N/A	FY27	FY27
Guided Missile Building Salinas Peak, White Sands Missile Range, NM DBB requirement to construct a shelter-in-place facility to protect personnel during High Energy Laser (HEL) testing scenarios, a high-wind-resistant high-aperture opening clamshell building to house HEL weapon system switchgear facility, generators, utility connections and renovate existing bunkerhouse.	N/A	\$5M - \$10M	TBD	236220	Y1EZ	TBD	N/A	FY26 Q1	FY26 Q3
Building 1870 HVAC Upgrades, White Sands Missile Range, NM DBB requirement to repair the current air conditioning system by replacement for building 1870 on White Sands Missile Range (WSMR). Replace the evaporative cooler system in the office spaces with refrigerated air. Install new ceilings and lights in the office areas. Remove and install new evaporative coolers for the storage area section and provide proper air pressure relief. Separate the office cooling space from the storage air space.	N/A	\$500K - \$1M	TBD	238220	Z1AZ	8(a) Sole Source	N/A	FY26 Q2	FY26 Q3

US Army Corps of Engineers (USACE), Albuquerque District

Addition to Semi Conductor Test Lab, White Sands Missile Range, NM Design-Build-to-Budget (DB2B) requirement for Building 21223 which requires: a) 1,500 sf expansion; b) adequate ventilation to the Printed Circuit Board Shop; c) dedicated room with entrance to store the radioactive materials; d) additional space to the equipment room; e) breakroom kitchen with sink, f) expansion to bathrooms; g) upgrade to HVAC, as required; h) power upgrade, two 208V/300 Amp, 3 phase electrical receptacles and eight 120 V,20 Amp dedicated circuits/ adequate lighting; i) existing concrete apron needs to be demolished to accommodate the expansion with a new apron poured with dock; j) installation of cable trays throughout the tester room.	N/A	\$1M - \$5M	TBD	236220	Z1AZ	TBD	N/A	FY26 Q2	FY27 Q2
Track & Field Replacement, White Sands Missile Range, NM DBB requirement to to replace the existing grass field with high-quality artificial turf. Design includes an integrated drainage system. Currently, drainage areas are located on the north, south, and east sides of the existing PT field. The project includes the removal of the existing irrigation system and the proper capping of all water sources currently supplying the system. Replace the existing light poles with new field lights and poles. The existing concrete pedestals and electrical wiring may be reused, provided they are compatible with the new lighting infrastructure. Replace the current rubber track with a more modern and durable system.	N/A	\$1M - \$5M	TBD	238910	Y1PA	TBD	N/A	FY27 Q2	FY27 Q4
ENVIRONMENTAL SUSTAINMENT, RESTORATION, AND MODERNIZATION									
DTRA SHIST Expansion Environmental Assessment, White Sands Missile Range, NM Professional services contract for preparation of a NEPA Environmental Assessment at the proposed SHIST expansion site at WSMR.	N/A	<\$350K	18 months	541690	F999	8(a) Sole Source	N/A	FY26 Q2	FY26 Q3
Bulk Fuels Facility Corrective Measures Evaluation, Kirtland AFB, NM Professional services contract to achieve regulatory approval on a Corrective Measures Evaluation of the Bulk Fuels Facility Site at KAFB.	N/A	\$1M - \$5M	36 months	562910	F999	TBD	SPA ERS MATOC	FY26 Q3	FY26 Q4
OT-10 Radiological Training Site Decommissioning Plan, Kirtland AFB, NM Professional services contract for preparation of decommissioning plans for the OT-10 radiological training sites at KAFB.	N/A	\$1M - \$5M	TBD	562910	F999	TBD	N/A	FY26 Q3	FY26 Q4

US Army Corps of Engineers (USACE), Albuquerque District
Fiscal Year (FY) 2026-2031 Procurement Forecast

Project Title and Description	If Follow-On Action, provide current contract number	Anticipated Dollar Value	Contract Period of Performance	NAICS	PSC	Anticipated Set-Aside Decision	Contract Vehicle (Task/Delivery Orders)	Anticipated Solicitation Date	Anticipated Award Date
ARCHITECT-ENGINEER (AE) DESIGN SERVICES									
AE Design - Indoor Target Flip Facility, Holloman AFB, NM AE Design for a DBB requirement to construct special purpose high-bay facility with 40-ton overhead DC crane integrated with special mechanical flip capability to safely invert massive targets weighing over 50,000 lbs. To be built on WSMR.	N/A	\$1M - \$5M	TBD	541330	C219	Unrestricted	SPD Regional AE Vertical Design MATOC	FY26	FY26
AE Design - FY31 Joint Navigation Warfare Center Warehouse Complex, Kirtland AFB, NM AE Design of a DBB requirement to construct a new facility to consolidate warehouse operations. Project includes parking and infrastructure. The warehouse will be a PEMB with open flexible spaces for storage, shipping, testing, vehicle services, office area. Due to soil conditions and sensitive nature of the building and equipment, over-excavation and special foundations may be required. Conduct site preparation and seismic provisions. In addition to the main warehouse, a number of ancillary structures are required for additional mission support. Structures include vehicle wash rack, equipment storage, and covered parking area for specialized vehicles. Facilities will be designed as permanent construction with sustainable principles.	N/A		TBD	541330	C219	TBD	SPD Regional AE Vertical Design MATOC	TBD	TBD
MULTIPLE AWARD TASK ORDER CONTRACTS (MATOC)									
Civil Works Design, Survey and Photogrammetric Mapping See W912PP25RA009 in SAM.	N/A	\$25M - \$100M	60 Months	541330	TBD	TBD	N/A	FY26 Q3	FY27 Q2
Tribal Consultation, Cultural Resources, & Environmental Services See W912PP25RA015 in SAM.	N/A	\$10M - \$25M	60 Months	541620	TBD	TBD	N/A	FY26 Q2	FY27 Q1
