a. Article XVII is amended by striking current paragraphs A. - C. and replacing them with the following paragraphs A. – E.:

“A. Except as provided in paragraph B. below, the Government shall perform any identification, survey, or evaluation of historic properties that it determines is necessary for the *Project*. Any costs incurred by the Government for such work shall be included in *total project costs* and shared in accordance with the provisions of this Agreement.

B. In the event that the Government determines that any identification, survey, or evaluation of historic properties is required for construction of the *in-kind contributions*, and if the Government and the Non Federal Sponsors agree in writing that the Non Federal Sponsors should perform such identification, survey, or evaluation of historic properties, the Non Federal Sponsors shall perform such identification, survey, or evaluation in accordance with this paragraph and other written directions of the Government.

1. The Non Federal Sponsors shall ensure that its studies are conducted by qualified archaeologists, historians, architectural historians and historic architects, as appropriate, who meet, at a minimum, the Secretary of the Interior's Professional Qualifications Standards. The Non Federal Sponsors shall submit study plans and reports to the Government for review and approval and the Non Federal Sponsors shall be responsible for resolving any deficiencies identified by the Government.

2. Any costs of identification, survey, or evaluation of historic properties incurred by the Non Federal Sponsors pursuant to this paragraph shall be included in the costs for *in-kind contributions* subject to an audit in accordance with Article X.C. of this Agreement to determine reasonableness, allocability, and allowability of such costs.

C. Except as provided in paragraph C.2. below, the Government, as it determines necessary for the *Project*, shall perform or ensure the performance of any mitigation activities or actions for historic properties or that are otherwise associated with historic preservation including data recovery activities.

1. Any costs incurred by the Government for such mitigation activities, except for data recovery activities associated with historic preservation, shall be included in *total project costs* and shared in accordance with the provisions of this Agreement.

2. In the event that the Government determines that mitigation activities or actions other than data recovery activities associated with historic preservation are required for construction of the *in-kind contributions*, and if the Government and the Non Federal Sponsors agree in writing that the Non Federal Sponsors should perform such activities or actions, the Non Federal Sponsors shall perform such activities or actions in accordance with the written directions of the Government. The Non Federal Sponsors shall perform the agreed upon activities or actions prior to construction of such *in-kind contributions*. Any costs incurred by the Non Federal Sponsors in accordance with the provisions of this paragraph shall be included in the costs for *in-kind contributions* subject to an audit in accordance with Article X.C. of this Agreement to determine reasonableness, allocability, and allowability of such costs.

3. As specified in Section 7(a) of Public Law 86-523, as amended by Public Law 93-291 (16 U.S.C. 469c(a)), the costs of data recovery activities associated with historic preservation shall be borne entirely by the Government and shall not be included in *total project costs*, up to the statutory limit of one percent of the total amount authorized to be appropriated to the Government for the *Project*.

4. The Government shall not incur costs for data recovery activities associated with historic preservation that exceed the statutory one percent limit specified in paragraph C.3. of this Article unless and until the Assistant Secretary of the Army (Civil Works) has waived that limit and the Secretary of the Interior has concurred in the waiver in accordance with Section 208(3) of Public Law 96-515, as amended (16 U.S.C. 469c-2(3)). Any costs of data recovery activities associated with historic preservation that exceed the one percent limit shall not be included in *total project costs* but shall be shared between the Non Federal Sponsors and the Government consistent with the minimum cost sharing requirements for flood damage reduction, as follows: 35 percent will be borne by the Non Federal Sponsors and 65 percent will be borne by the Government.

D. If, during its performance of *relocations*, construction of improvements required on lands, easements, and rights-of-way to enable the disposal of dredged or excavated material in accordance with Article III of this Agreement, or performance of the *in-kind contributions*, the Non Federal Sponsors discover historic properties or other cultural resources that have not been evaluated in accordance with this Article, the Non Federal Sponsors shall provide prompt written notice to the Government of such discovery. The Non Federal Sponsors shall not proceed with performance of the *relocation*, construction of the improvement, or performance of such *in-kind*

contributions related to such discovery until the Government provides written notice to the Non Federal Sponsors that they should proceed with such work.

E. The Non Federal Sponsors shall include provisions in all of its construction contracts for *in-kind contributions* for the protection of cultural resources discovered during construction. These provisions shall include, at a minimum, the requirement to cease all work in the immediate area of a discovered cultural resource until the situation is properly evaluated, and the requirement to immediately provide verbal and written notice to the Non Federal Sponsors and the Government in the event of such discovery. Upon receipt of notice that cultural resources have been discovered, the Government, pursuant to its responsibilities under the National Historic Preservation Act, must authorize further action or study before construction may continue. If the Government concludes that such discovery warrants consultation under the National Historic Preservation Act, the Non Federal Sponsors shall participate as a consulting party. In such a case, construction of the *in-kind contributions* shall not continue until the Government sends written notification to the Non Federal Sponsors. Where the Non Federal Sponsors elect to perform the construction of the *in-kind contributions* using their own forces, the same procedures shall be followed.”
