### ***Galisteo Dam Master Plan Revision***

*Comment Period Ends 14 Dec 2020*

The U.S. Army Corps of Engineers is in the process of developing a master plan for Galisteo Dam. The master plan revision will guide the land and recreational management of the federally owned property that make up the lake and its shoreline for the next 25 years. Management activities include protecting natural and cultural resources, providing public land and water recreation, protecting the public, and ensuring reservoir and dam operations. Pertinent information and a copy of the current land use map can be found on the USACE website below.

To add your comments, ideas, or concerns about the future land and recreational management for Galisteo Dam, please submit comments using any of the following methods:

- fill out and return a comment form available below or at:  
<https://www.spa.usace.army.mil/missions/civil-works/recreation/galisteo-dam/master-plan-update/>
- Provide comments in an email message or use comment form and send to:  
[cochiti@usace.army.mil](mailto:cochiti@usace.army.mil)
- provide comments in a letter or use comment form and mail to:

U.S. Army Corps of Engineers
