to determine the actions required to compensate the public for those injuries and losses. The OPA further instructs the designated trustees to develop and implement a plan for the restoration, rehabilitation, replacement, or acquisition of the equivalent of the injured natural resources under their trusteeship, including the loss of use and services from those resources from the time of injury until the time restoration to baseline (the resource quality and conditions that would exist if the spill had not occurred) is complete.

The Deepwater Horizon oil spill Trustees are:
- U.S. Environmental Protection Agency (EPA);
- U.S. Department of the Interior (DOI), as represented by the National Park Service, U.S. Fish and Wildlife Service, and Bureau of Land Management;
- National Oceanic and Atmospheric Administration (NOAA), on behalf of the U.S. Department of Commerce;
- U.S. Department of Agriculture (USDA);
- State of Louisiana Coastal Protection and Restoration Authority (CPRA), Oil Spill Coordinator’s Office (LOSCO), Department of Environmental Quality (LDEQ), Department of Wildlife and Fisheries (LDWF), and Department of Natural Resources (LDNR);
- State of Mississippi Department of Environmental Quality;
- State of Alabama Department of Conservation and Natural Resources and Geological Survey of Alabama;
- State of Florida Department of Environmental Protection and Fish and Wildlife Conservation Commission; and
- State of Texas Parks and Wildlife Department, General Land Office, and Commission on Environmental Quality.

On April 4, 2016, the Trustees reached and finalized a settlement of their natural resource damage claims with BP in a Consent Decree approved by the United States District Court for the Eastern District of Louisiana. Pursuant to that Consent Decree, restoration projects in the Louisiana Restoration Area are chosen and managed by the Louisiana TIG. The Louisiana TIG composed of the following Trustees: CPRA, LOSCO, LDEQ, LDWF, LDNR, EPA, DOI, NOAA, USDA.

**Background**

In a June 2019 notice posted at http://www.gulfspillrestoration.noaa.gov, the Louisiana TIG requested public input on restoration ideas in Louisiana within the Wetlands, Coastal, and Nearshore Habitats restoration type. The Louisiana TIG reviewed and considered these restoration project ideas.

**Overview of the Draft RP/EA**

The Draft RP/EA is being released in accordance with the OPA, NRDA implementing regulations, and the NEPA. In the Draft RP/EA, the Louisiana TIG presents to the public their plan to restore and conserve wetlands, coastal, and nearshore habitats injured by the Deepwater Horizon oil spill. The Draft RP/EA evaluates a total of four restoration project alternatives within the Wetlands, Coastal, and Nearshore Habitats restoration type. Of those, three are identified as preferred alternatives.

The Draft RP/EA proposes the following preferred project alternatives:
- West Grand Terre Beach Nourishment and Stabilization;
- Golden Triangle Marsh Creation; and
- Biloxi Marsh Living Shoreline.

The Draft RP/EA also evaluates a no action alternative. One or more alternatives may be selected for implementation by the Louisiana TIG. The proposed projects are intended to continue the process of using restoration funding to restore and conserve wetlands, coastal, and nearshore habitats injured by the Deepwater Horizon oil spill. The total estimated cost of the preferred alternatives is approximately $209 million. Additional restoration planning for the Louisiana Restoration Area will continue.

**Next Steps**

The public is encouraged to review and comment on the Draft RP/EA. A public webinar is scheduled to help facilitate the public review and comment process. After the public comment period ends, the Louisiana TIG will consider the comments received before issuing a Final RP/EA. A summary of comments received and the Louisiana TIG’s responses and any revisions to the document, as appropriate, will be included in the final document.

**Administrative Record**

The documents comprising the Administrative Record for the Draft RP/EA can be viewed electronically at https://www.do.gov/deepwaterhorizon/adminrecord.

**Authority**

The authority for this action is the Oil Pollution Act of 1990 (33 U.S.C. 2701 et seq.), its implementing NRDA regulations found at 15 CFR part 990, and the NEPA (42 U.S.C. 4321 et seq.).
FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060–1266; FRS 16331]

Information Collection Approved by the Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: The Federal Communications Commission (Commission) announces that the Office of Management and Budget (OMB) has approved a new information collection associated with the Commission’s 833 Auction Procedures Public Notice (FCC 19–75) (Public Notice), for a period of three years pursuant to the Paperwork Reduction Act of 1995. An agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number, and no person is required to respond to a collection of information unless it displays a currently valid control number. Comments concerning the accuracy of the burden estimates and any suggestions for reducing the burden should be directed to the person listed in the FOR FURTHER INFORMATION CONTACT section below.

FOR FURTHER INFORMATION CONTACT:
Nicole Ongele, Nicole.Ongele@fcc.gov, (202) 418–2991.

SUPPLEMENTARY INFORMATION: The total annual reporting burdens and costs for the respondents are as follows:

OMB Control Number: 3060–1266.
OMB Approval Date: December 12, 2019.
OMB Expiration Date: December 31, 2022.
Title: Toll Free Number Auctions.
Form Number: FCC Form 5633.

Respondents: Individuals or Households, Business or other for-profit, Not-for-profit Institutions, Farns and/or Federal, State, Local and/or Tribal government agencies.

Number of Respondents and Responses: 1,220 respondents; 1,220 responses.

Estimated Time per Response: 0.084 hours (5 minutes)–0.166 hours (10 minutes).

Frequency of Response: On occasion and one-time reporting requirements.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 231(e)(1).

Total Annual Burden: 105 hours.
Total Annual Cost: No Cost.

Nature and Extent of Confidentiality: The Commission is not requesting that respondents for this information collection (LOA and Secondary Market) submit confidential information to the FCC. For individuals, the Privacy Act, 5 U.S.C. 552a, is the statutory authority for confidentiality and it applies to this information collection. Respondents may, however, request confidential treatment for information they believe to be confidential under 47 CFR 0.459 of the Commission’s rules.

Privacy Act Impact Assessment: The Commission will determine if a Privacy Act Impact Assessment is required. The System of Records Notice, FCC/WCB–2, Toll Free Number Auction System is available on the FCC’s website.

Needs and Uses: On September 27, 2018, the Commission released a Report and Order in WC Docket No. 17–192, FCC 18–137 (Report and Order). In the Report and Order, the Commission established competitive bidding as a toll free number assignment method, and called for an auction for select numbers in the toll free code 833 as an experiment to test this method. To verify the relationship between the responsible organization (RespOrg) and the potential subscriber, a Letter of Authorization (LOA) is required during the bidding process. Additionally, a key component to the effectiveness of the auction is the adoption of a post-auction secondary market (Secondary Market) for the sale of the rights to use 833 code toll free numbers won at auction. Collecting data on Secondary Market transactions will allow the Commission to evaluate the operation of the secondary market which is an important component of the toll free number auction experiment, and to determine the potential use of competitive bidding in future toll free number assignments.

Federal Communications Commission.
Marlene Dortch, Secretary, Office of the Secretary.

Information Collection Being Submitted for Review and Approval to the Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission’s burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The Commission may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written comments should be submitted on or before January 21, 2020. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contacts listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicholas A. Fraser, OMB, via email Nicholas_A_Fraser@omb.eop.gov; and to Nicole Ongele, FCC, via email.
